## MOTORCYCLES AND EXPRESS LANES

The Colorado Department of Transportation (CDOT) Express Lanes that allow High Occupancy Vehicles (HOV) will soon allow motorcycles to travel for free in the lanes without an ExpressToll account and pass.

### New Procedures

The High Performance Transportation Enterprise (HPTE) and CDOT are in the process of creating new procedures for motorcyclists who use HOV Express Lanes, which includes US 36 Express Lanes, Central I-25 Express Lanes and North I-25 Express Lanes. These new procedures will not impact the I-70 Mountain Express Lane, Northwest Parkway or E-470.

- As of Oct. 15, 2016, motorcycles are no longer required to have a pass to use CDOT's HOV Express Lanes for free.
- Toll roads or Express Lanes that do not allow HOV vehicles for free (E-470, Northwest Parkway, I-70 Mountain Express Lane) will still require a pre-paid toll balance and pass in order to avoid higher license plate toll charges.
- Any account questions should be directed to the ExpressToll Service Center at [customerservice@expresstoll.com](mailto:customerservice@expresstoll.com) or 303-537-3470.

### Current Procedures

Until the changes are in effect, motorcycles still need an ExpressToll account with a sticker to use the HOV lanes for free.
