Please complete the questions on Page 2.

Tell us about your organization.

1. When was it founded and where is it located?
2. What is the function, purpose, or goal of your business?
3. How many people work there?
4. What is your position at this organization?

Briefly tell us about the commitment your organization has to sustainable transportation. For instance: (You can use these questions as a guide. You don't have to answer all of them.)

1. Do you have an employee transportation coordinator (formal or informal) to help employees understand and use sustainable commute options?
2. Do you offer an Eco Pass or other transit benefit to your employees?
3. How do you encourage biking, carpooling or vanpooling?
4. Do you have a telework policy?
5. Briefly tell us something unusual or innovative that your organization does or has done to reduce the number of one person vehicle trips made by your employees (ie: expanding preferential parking, incentivizing sustainable commuting, promoting Bike to Work Day, etc.).
6. Briefly tell us how you plan to use your grant money to promote sustainable commuting at your workplace.
