

Resolution of Support

WHEREAS... a modern, safe and efficient 21st century transportation system is essential to Colorado's quality of life and the health of our economy; and

WHEREAS... Colorado's population has grown nearly 60 percent since 1991, while state transportation spending per driver, adjusted for inflation, has been cut in half over that same time period; and

WHEREAS... increased demands on our roads and bridges have resulted in increased traffic congestion, lost worker productivity and deep frustration among local citizens; and

WHEREAS... the Colorado Department of Transportation has identified \$9 billion in much-needed projects that lack funding; and

WHEREAS... there has been a significant lack of resources available to local communities to address traffic congestion, maintenance needs and safety concerns; and

WHEREAS... the failure to maintain roads and bridges adequately costs Coloradans on average of \$468 per driver due to damage and unnecessary wear-and-tear to vehicles, and

WHEREAS... truly addressing Colorado's transportation challenges requires a dedicated, sufficient and guaranteed stream of revenue; and

WHEREAS... a bipartisan, coalition of local elected officials, business leaders, labor unions, environmentalists, transit groups, and community activists have joined together to ask voters to raise the state sales tax by .62 percent, or about six cents on a ten-dollar purchase, for transportation needs; and

WHEREAS... this measure will raise \$767 million in its first year and allow for bonding of \$6 billion for state projects; and

WHEREAS... 40 percent of the new revenue will go to county and municipal governments to address local transportation needs and 15% will go to multi-model transit; and

WHEREAS... Colorado voters will be able to vote on this statewide transportation solution on the November 2018 ballot; be it therefore

Now Therefore Commuting Solutions joins with leaders across the state in endorsing this transportation solution as the right answer to address years of neglect of our state's transportation needs and to address the concerns we have heard from our local citizens.
